The China-Britain Business Council (CBBC) is pleased to announce the launch of our **UK-GBA Conference** which will be held in Shenzhen on 21 November 2023. Our GBA Conference will explore the strategies being developed by British companies in the Greater Bay Area (GBA). Core themes covered during the one-day event include half-day plenary and half-day themed sessions covering technology & innovation and going global.

Our speakers will be key stakeholders in the GBA, including China CEO and senior management-level representatives from British and Chinese companies, organisations as well as senior officials from the British and Chinese Governments.

“ *The British business community is watching the development of the Greater Bay Area with great interest. For UK companies consider it to be an important driver for their Greater China operations.* ”

The Greater Bay Area (GBA) is a strategic priority for many CBBC members whether in financial services, technology and innovation, or other sectors. To provide a platform for our members to share their vision on the future of the GBA, CBBC is putting together a one-day conference in Shenzhen this November.

CBBC looks forward to working closely with our members and sponsors to maximize the opportunity to engage our audience of business and Government leaders. ”

Sir Sherard Cowper-Coles, Chair, China-Britain Business Council (CBBC)

Overview
